Cotton Web Design has turned its focus towards Non-Profit organizations.

They are announcing a new plan just for Non-Profit organizations that could save hundreds on web development and design fees.

Cotton Web Design has a new 50/50 plan that is designed to help non-profit organizations who may not be able to afford a full-priced, high-quality web site. Here's how the plan works:

- A non-profit organization requests a free quote and mentions the Non-Profit 50/50 plan.
- Cotton Web Design sends back a proposal for the web site along with the total cost of the site development.
- The non-profit organization would only need to pay 50% of the web design fee. Cotton Web Design will donate the remaining 50% for the organization's cause

If you are a tax exempt 501(c)(3) organization, and are in need of a web site, please ask us for a free quote today!
