If you are a musician or a band, we have great news!! We've developed a Content Management Site just for you!

Our new Music CMS allows your website to work for you. It's even built to put you in charge of your own content. There's no need to pay a Web Master when you can do it yourself. Cotton Web Design has made this easy!

The features of this web system include:

- A "Gig Calendar" so that fans can check out when you're playing next.
- A "Book Us" form for venues to fill out.
- A "Media Gallery" to host your photos, audio and video
- A "Contact Us" form so visitors can send you a note directly from your site
- A "Text Editor" so you can edit your content easily without having to know any HTML code
- A "Mailing List Manager" so you can keep track of and communicate with your fans
- And much more

For more information or pricing, feel free to contact us right away!
